

Expected Credits Worksheet

Worksheet Instructions – this worksheet is a tool to help you organize your expected credits. You may not have final grades or test scores yet, and that is okay! The form does not have to be 100% accurate. It is a guide for you & your advisor to work together to build the best schedule for you.

1. Input all of your transferrable credits into the chart in the “Type of Credit” and “Exam or Course”
2. Include your known or anticipated grade/score for the course in the “Score/Grade” column
3. Using the chart below, research and find the appropriate equivalent course at Virginia Tech. These hyperlinks will take you to the appropriate webpage for each list or database.
4. Once you have found the equivalent course, type the Virginia Tech course number and name in the “VT Course Equivalent” column and type the credit hours for each course in the “Credit Hours” column
5. Some courses will transfer to Virginia Tech as a Pathways to General Education Course. You can find an alphabetical list of pathways courses in the chart below. If applicable, include the pathways concept number in the “Pathways concept” column

Due Date: 2 business days prior to meeting with your academic advisor – submit this worksheet to the College of Science upload link found at <https://tinyurl.com/yvhv2xd8>.

Expected Credits Worksheet – Transfer Credits Resources	
Type of Credit	Transfer Equivalency Database Website
